

Varndean International Application Terms and Conditions for September 2026 entry

I/we the guardians/parents and I, the student, agree to the following terms and conditions:

- 1) We understand that from the start of the programme, applicants must speak English to the level which will allow them to follow full-time teaching in English, and to take full part in the family life of the host family.
- 2) We understand that our son/daughter must display appropriate behaviour at all times, acting in a way which reflects positively on our family, culture, the host family, the college and the agent if used.
- 3) We understand and agree that the programme participant is subject to UK laws. If the student breaks the law, seriously contravenes college or host family rules or is extremely homesick, the student may be sent home immediately at the discretion of the college and/or agent, at the expense of our family.
- 4) We understand that in addition to improving language skills, the student is expected to adapt to the culture and lifestyle of the host family and culture, respecting the fact there may be significant differences. As natural parents, we agree to support the college and host family in their expectations.
- 5) I agree to my child being hosted with a family in the UK, arranged either by our own agent, or by Varndean. We understand that the host family will have home guidelines, which we expect our son/daughter to follow, including household tasks and curfews, and we support the host family in asking for these to be respected and upheld.
- 6) We understand that if there are problems between the host family and the student, then both parties will try to resolve the issue in a considerate and open manner, if necessary with the support of the International team and agent. If it is not possible to resolve the issue, we understand an alternative host family can be sought. A two-week notice period may be necessary.
- 7) We understand our son/daughter may be aware of confidential information in the host family, and will respect this as private and not discuss it, unless in the context of needing help or advice from the college.
- 8) We understand that the student must attend college for the full academic timetable, maintain acceptable grades, be punctual, and not be absent without prior permission from the college and agent. Attendance below 95%, poor grades, a poor attitude to work and adults will place the student on the college Student Support system. We understand that this may ultimately lead to a dismissal from college and the student being sent home.
- 9) All students on a visa must abide by the UK Visa and Immigrations rules. They must attend and engage in their studies any break could lead to sponsorship being withdrawn and students needing to return home. Please see our engagement and attendance policy on the International page on our website.
- 10) Absence from college is only acceptable because of genuine illness, in which case the student must inform the host family and the college on the same day. Absence for more than two days in a row may lead to the need to see a doctor.
- 11) The student may return home during college holidays, but only if no college days are missed, and with permission from ourselves, the agent and the International office.
- 12) We understand that the student will not be allowed to travel independently outside the day-to-day area, or stay overnight anywhere, unless they have the permission of the natural parents, the agent

TRANSFORMING LIVES THROUGH EXCEPTIONAL EDUCATION

and the college, and that the host family is informed.

- 13) We understand that our son/daughter has been offered a specific combination of subjects, and that this cannot be changed except in exceptional circumstances.
- 14) We understand that our son/daughter cannot take any action which could result in significant changes to the nature of their life i.e. changing religions, getting married.
- 15) We understand the student will follow the Varndean College has a disciplinary Student Support programme which follows a 'traffic light' system of green to red. Click [here](#) for the policy.
- 16) We understand as natural parents, that we must provide sufficient funds for the student to live day to day. Students must not borrow from or lend money to anyone.
- 17) We understand that our son / daughter cannot stay at another student's house overnight, without the permission of their host family, their natural parents, their agent and the college. All must be informed three days in advance.
- 18) We understand that our son/daughter must return to the host family by the agreed curfew time. Continuing to break this rule will lead to the student being placed on disciplinary action by the college.
- 19) We understand that excessive or inappropriate use of the internet may result in the student being put on probation or dismissed from the programme. This includes, but is not limited to, visiting websites or viewing films containing excessive violence or pornography, excessive hours spent gaming, excessive use during the evenings, nights and weekends.
- 20) We understand and agree that the student cannot drive any motorised vehicle or undertake any dangerous sports while on the programme.
- 21) We understand that our son / daughter will abide by the college, host family and UK rules regarding smoking.
- 21) We understand and agree that our son / daughter must not buy or drink alcohol if under 18, with the exception of being able to drink alcohol in the presence of an adult, such as a glass of wine with the host family meal or something similar, if natural parents allow. Breaking this rule will lead to the student being subject to disciplinary action by the college.
- 22) The student must not take any illegal substances. If any association with them is suspected, the student may be obliged to submit to a drugs test. Any proven association with illegal substances will result in dismissal from the programme. If found to be breaking this rule the student will be placed at Purple level immediately by the college. This may lead to the student being sent home.
- 23) We understand that if our child becomes unwell while in the UK, the college and host family will do their best to source appropriate treatment and help and keep the parents informed. If a longer-term recovery is needed, beyond two or three weeks, and a return home is viable, then the college reserves the right to request the student returns home for the recovery period.
- 24) Safeguarding. While all students are with us at Varndean, we have a 24/7 emergency phone line, and the International team serves in 'loco parentis' as a first response, in consultation with the College Principal and the College Safeguarding team. As soon as possible we contact a named emergency person listed in no 5) of Application Form, to discuss the situation and make decisions for the welfare of your child. In signing this form, you understand that details may be personal and decision may

need to be made quickly.

25) Please tick as appropriate: I/we confirm that my child's host family will be arranged by:

My agent ☐ (please write the name of the agency)

26) I/we consent to my child flying unaccompanied to the UK and will authorise all flights booked. We also

authorise my child, the agent, or Varndean College to book taxis to assist with travel.

27) I/we consent to my child taking part in the college activities which includes trips to other UK cities.

28) I/we understand my child is not allowed to get paid work while in the UK. They may be able to volunteer for a charity, but need to check with the International Office first.

29) I/we have read and understand the Varndean Refund Policy below in Appendix A:
